### SF profit up 8%

**PROPERTY:** Siam Future Development Plc (SF) reported an 8% rise in net profit in the first half to 221.8 million baht, on revenue of 777 million, up 7%.

The community mall specialist said its second-quarter net profit was 113.49 million baht on revenue of 372 million.

Higher sales in the first half were driven by various factors including 13 million baht in profit sharing from the sale of some land plots at the Mega Bangna project, in which the company holds a 49% stake.

Financial costs declined by 26 million baht as the company transferred its Ratchayothin project to Major Cineplex Lifestyle Leasehold Property Fund. Revenue from space rentals and services from all projects in the first half totalled 615 million baht.

SF shares closed yesterday on the SET at 6.45 baht, up 15 satang in trade worth 53.9 million baht.
